Prints and More Prints!

Says Fashion for Summertime

The frocks of Summer! Not a moment behind the gay flowers that are already a-bloom in Winnipeg gardens and just as lovely in their myriad colors and patterns.

From madame down to the tiniest miss—prints are “right” for every hour of the day and night!

Printed Crepe de Chine in a quaint cluster of flowers design makes adorably dainty dresses for children. White or pale pastel grounds. - - - \$2.75 yard

Printed Chiffons for evening measure their chic by the size of their patterns. Enormous hydrangeas in mauvey-rose and blue glow on one length—another shows big poppies in warm chartreuse shade — to mention but two of them.

\$4.25 to \$8.50 yard

And other prints at various prices.
